

Matrix of Correlation Coefficients
number of DEGs for each dataset =200

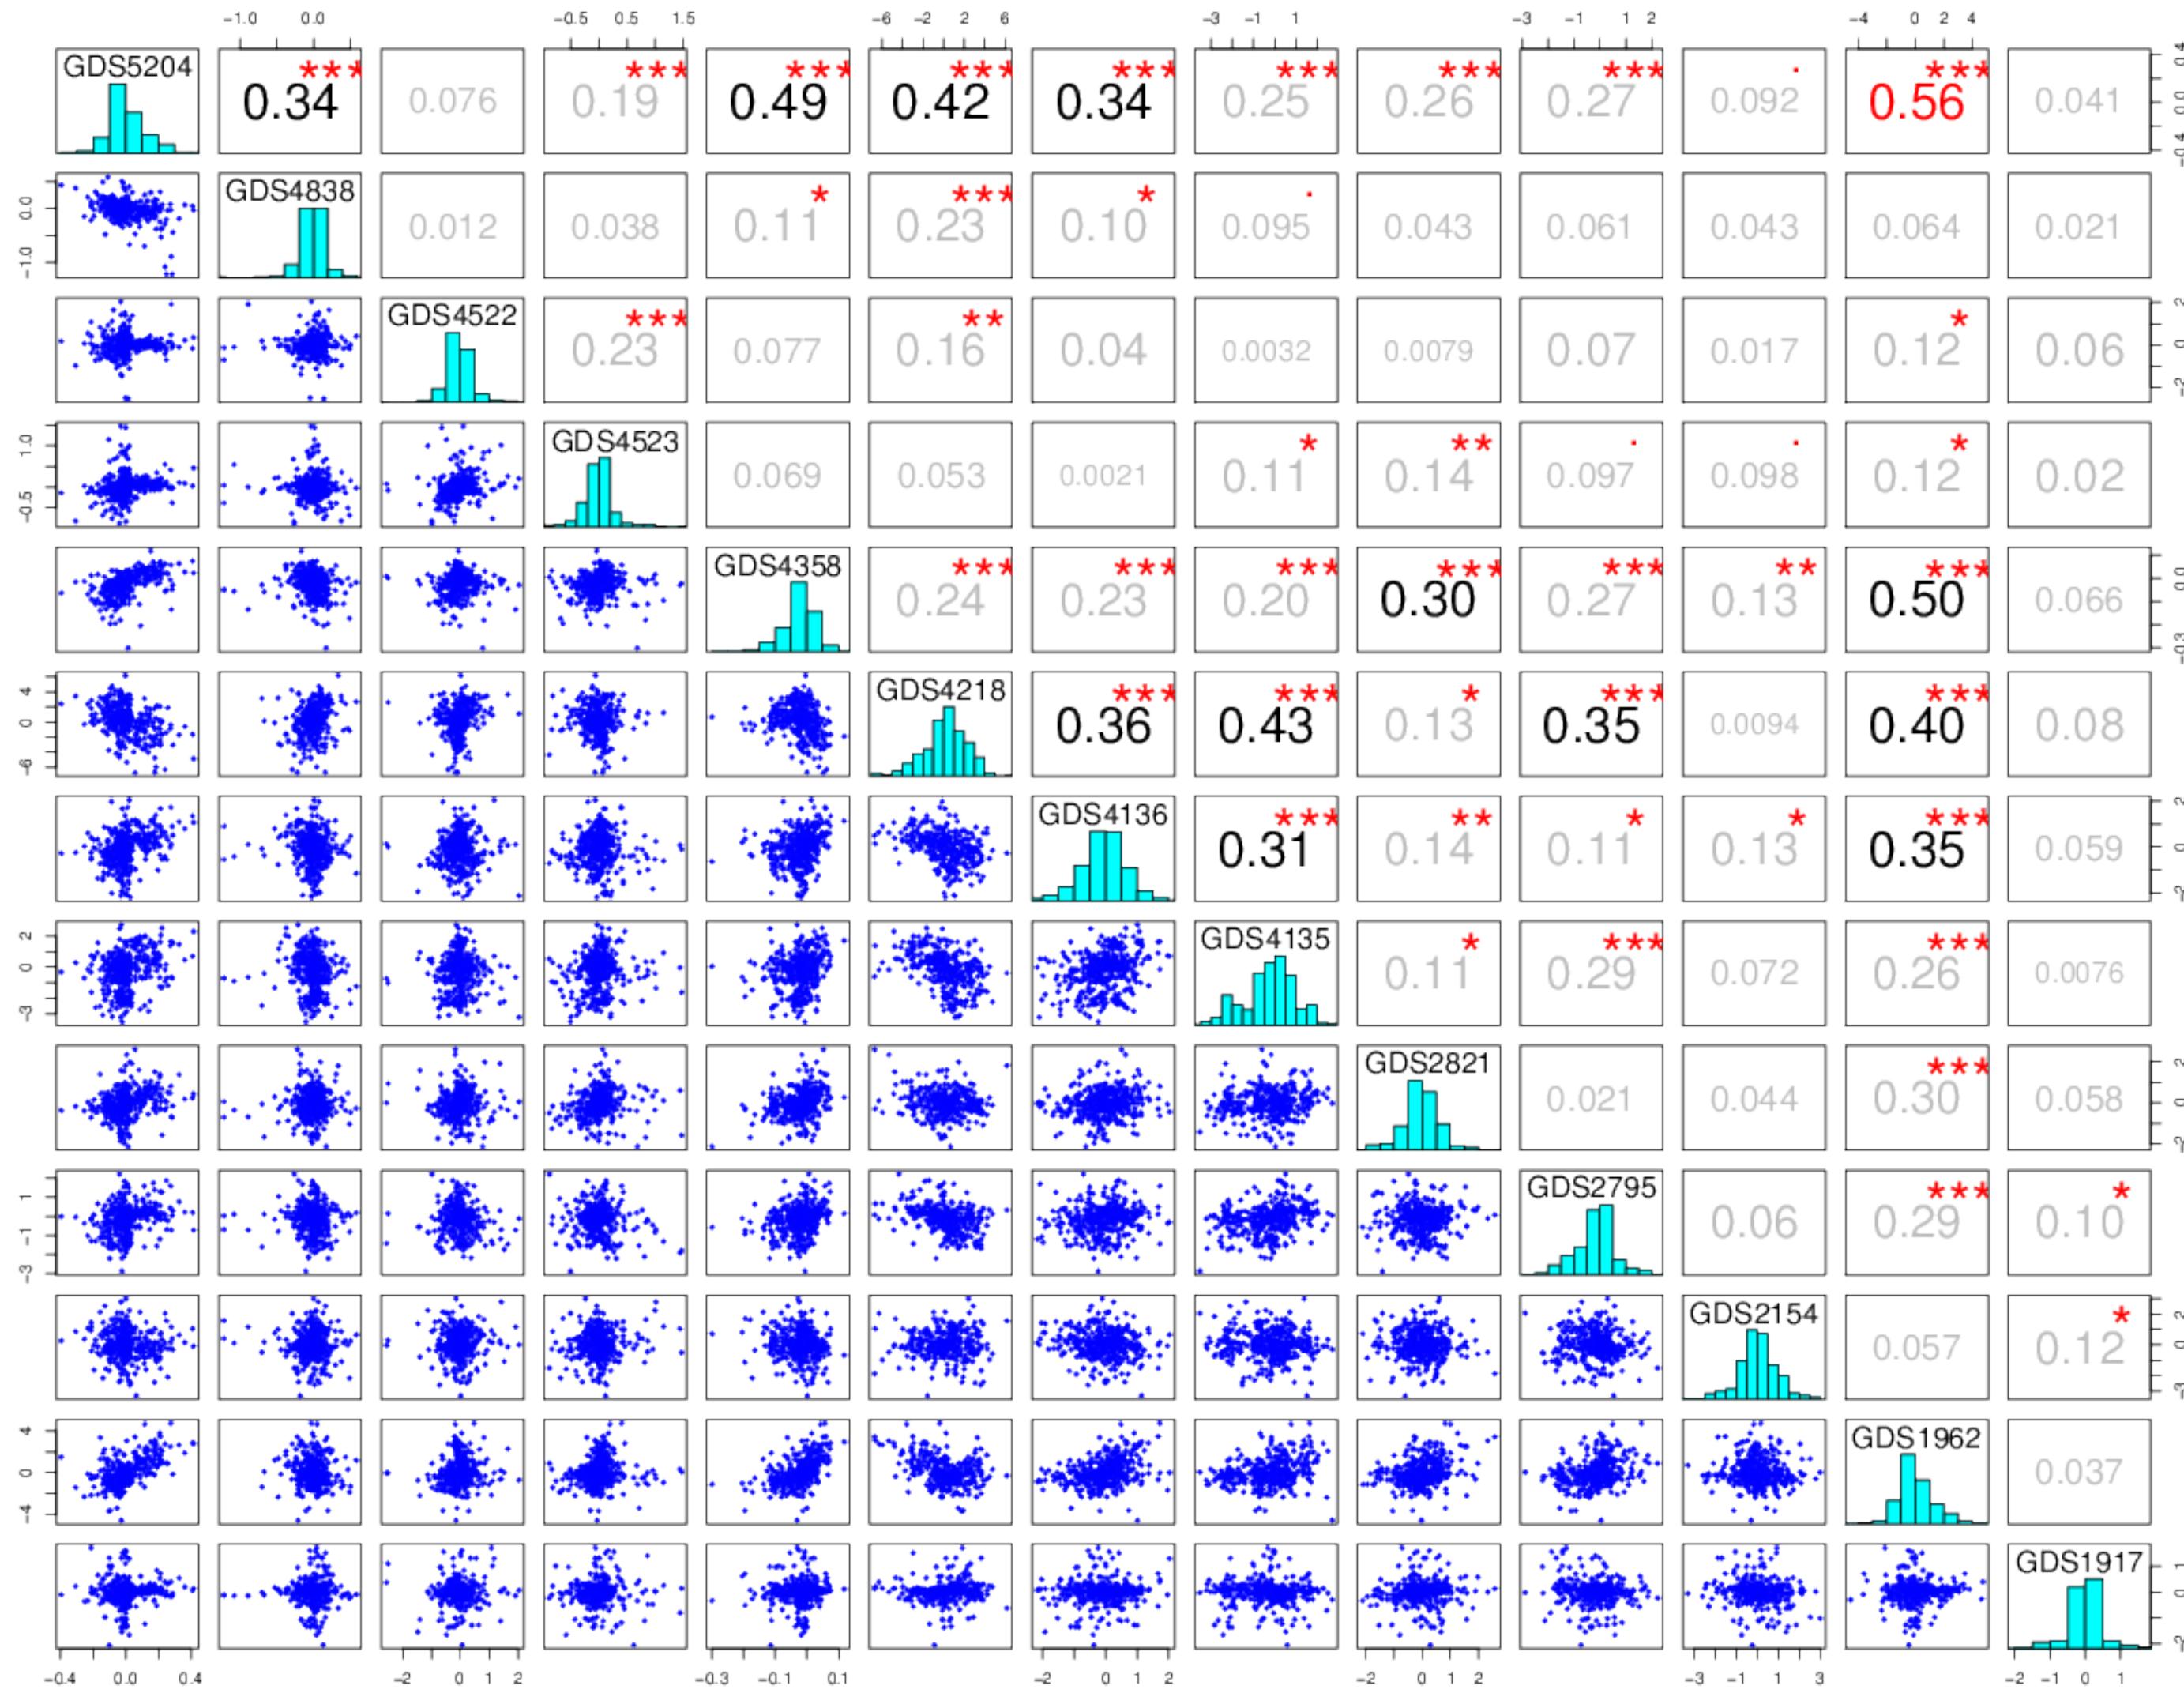

Matrix of Correlation Coefficients
number of DEGs for each dataset =300

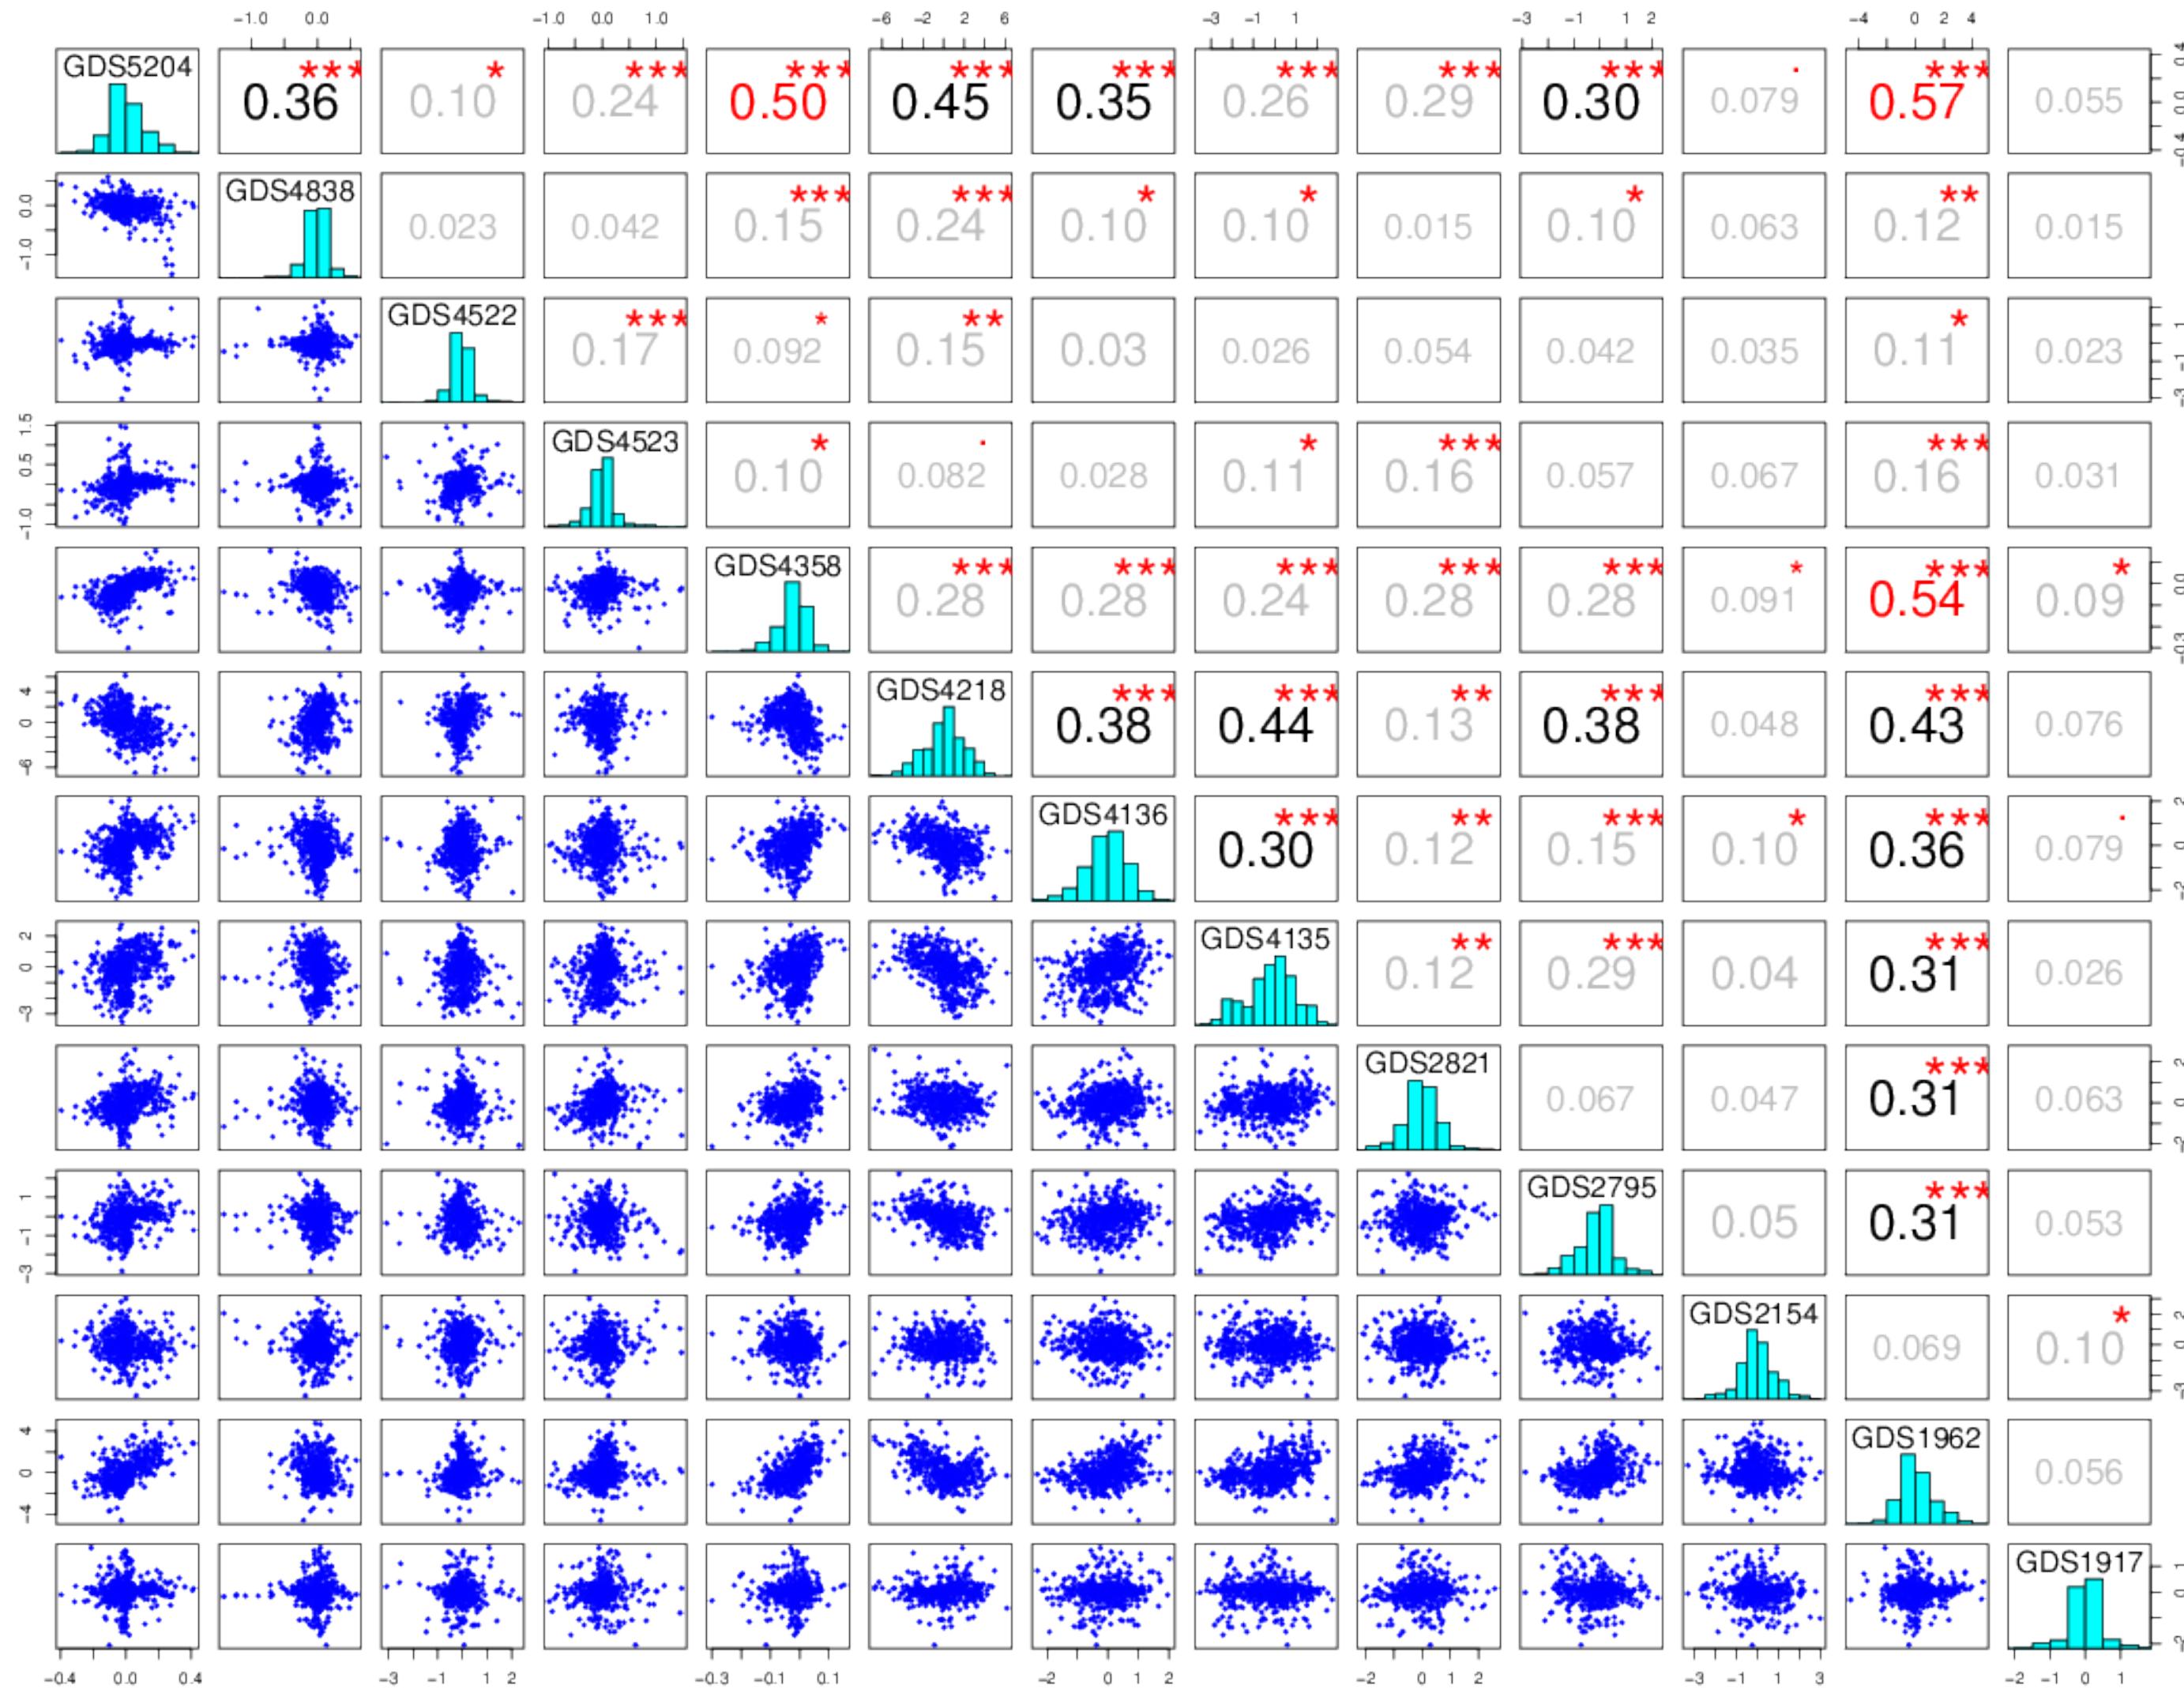

Matrix of Correlation Coefficients number of DEGs for each dataset =400

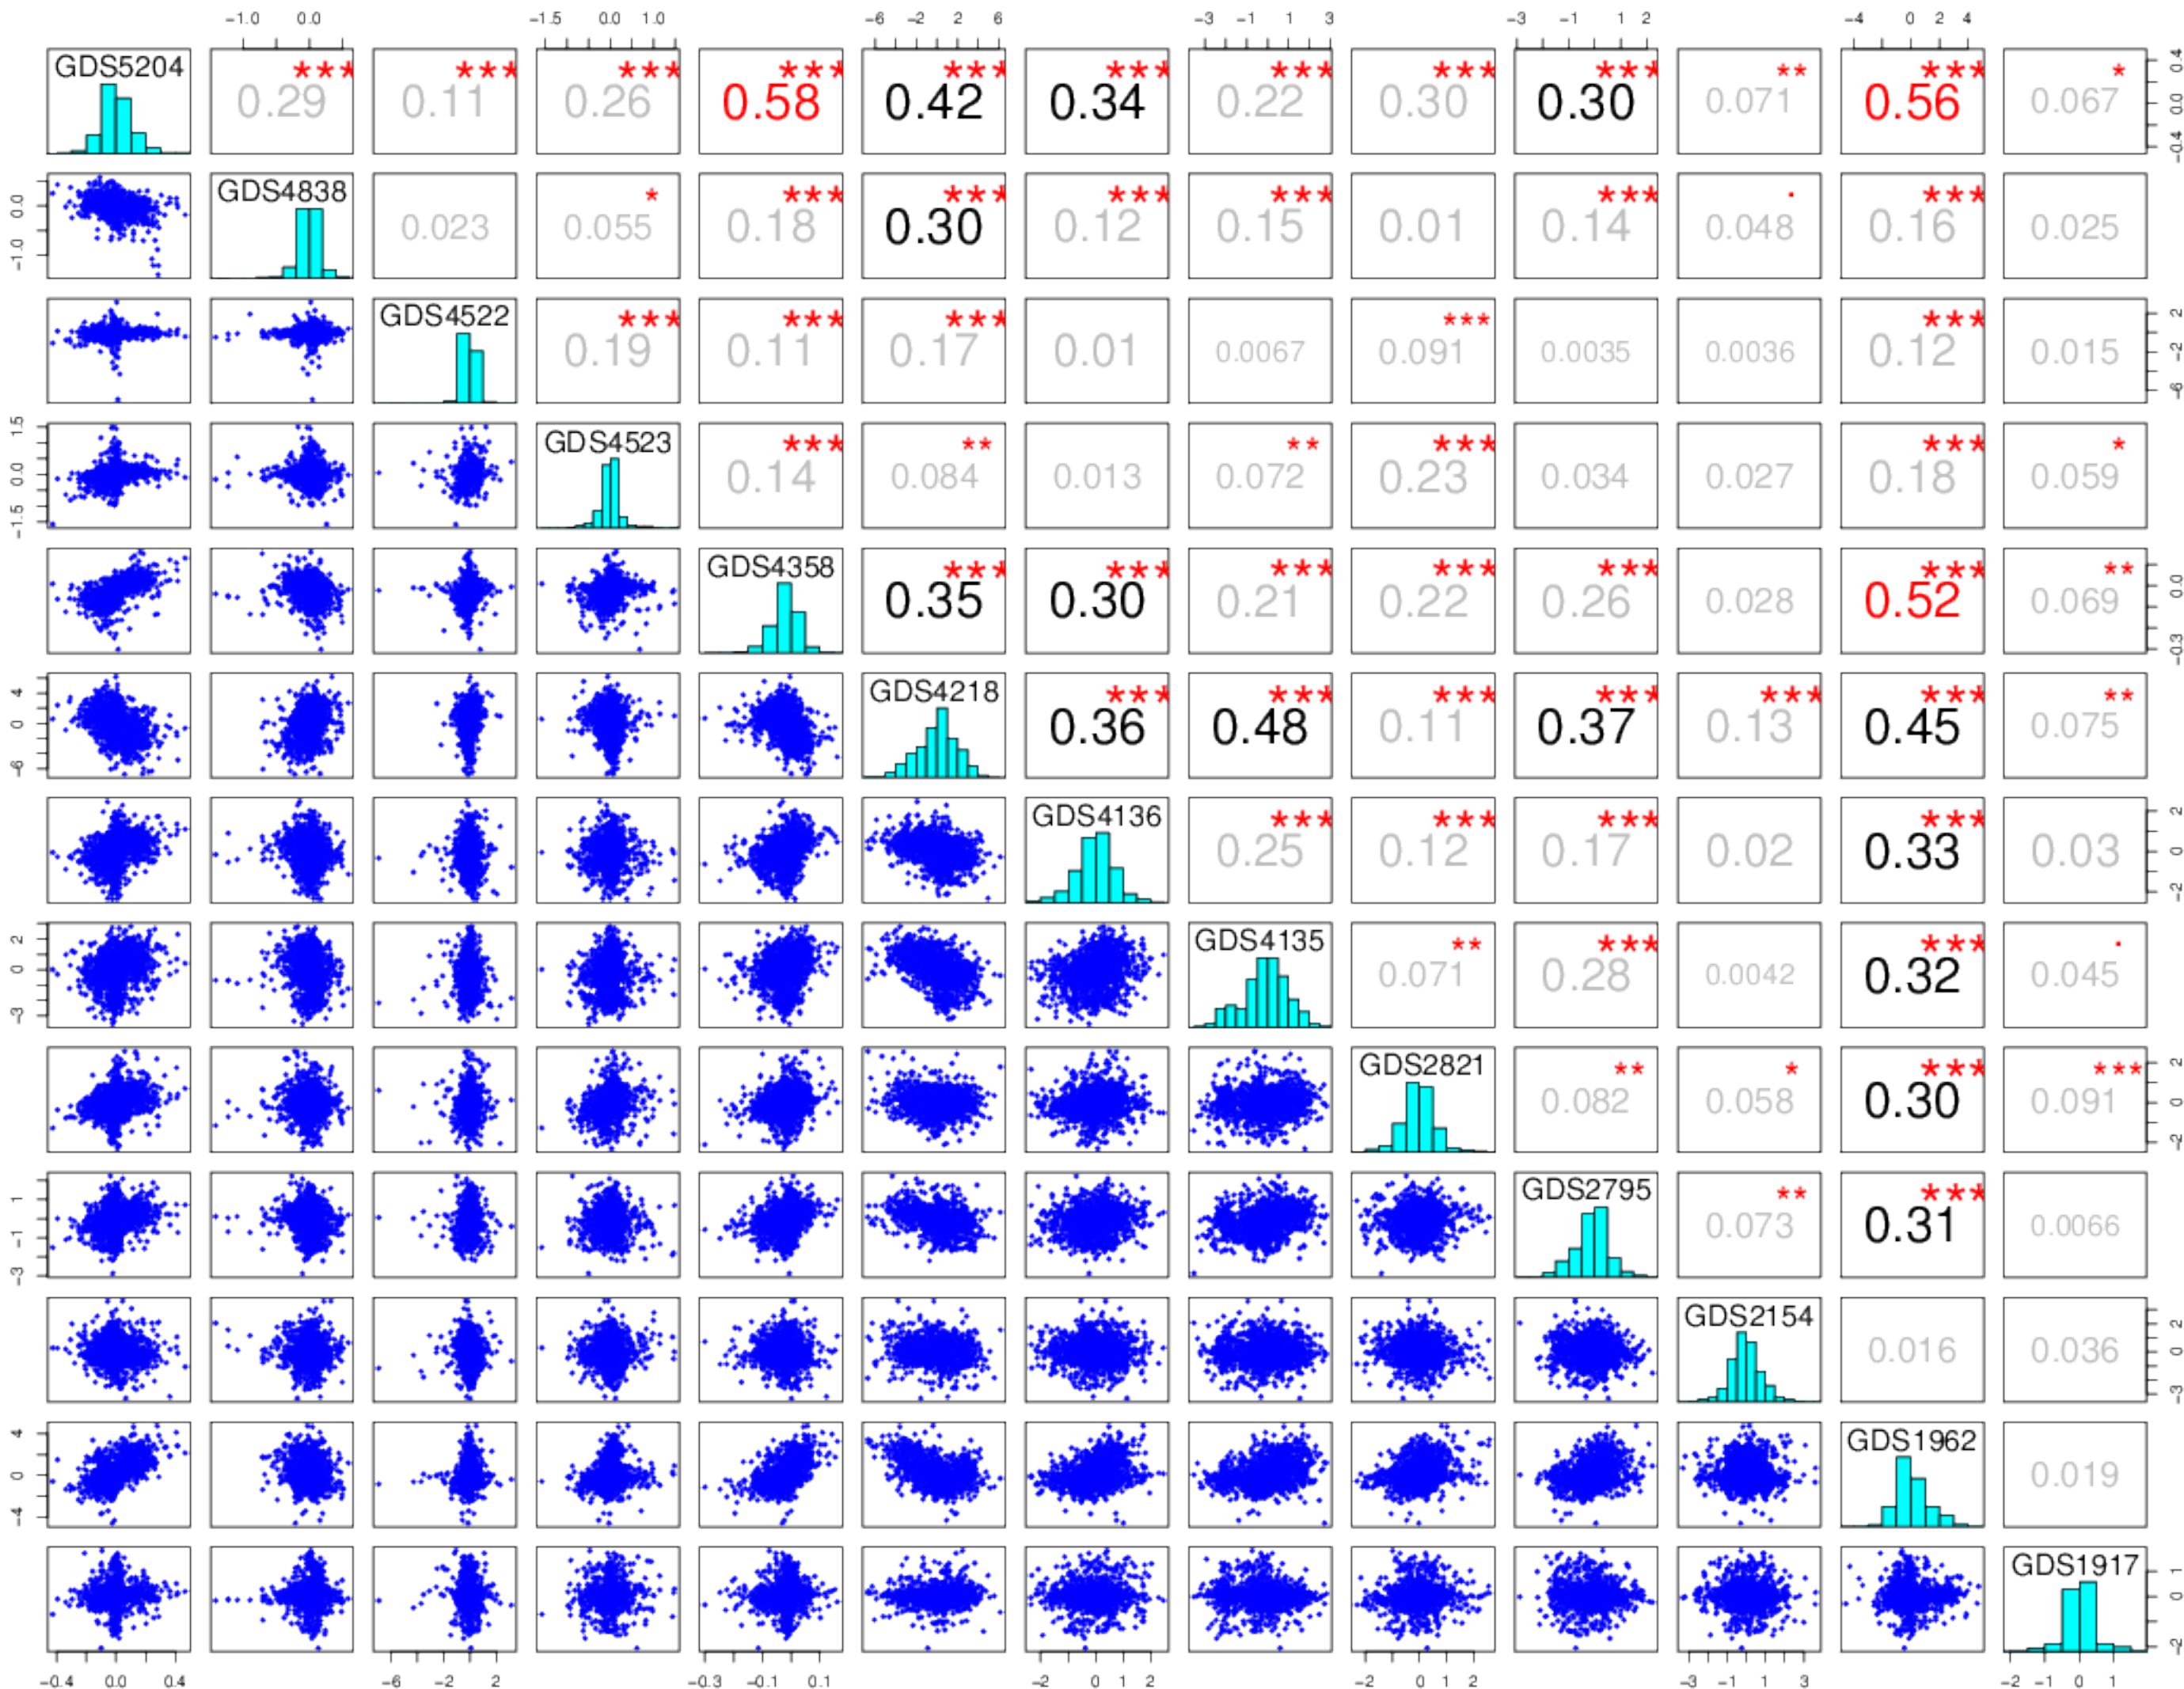

Matrix of Correlation Coefficients
number of DEGs for each dataset =500

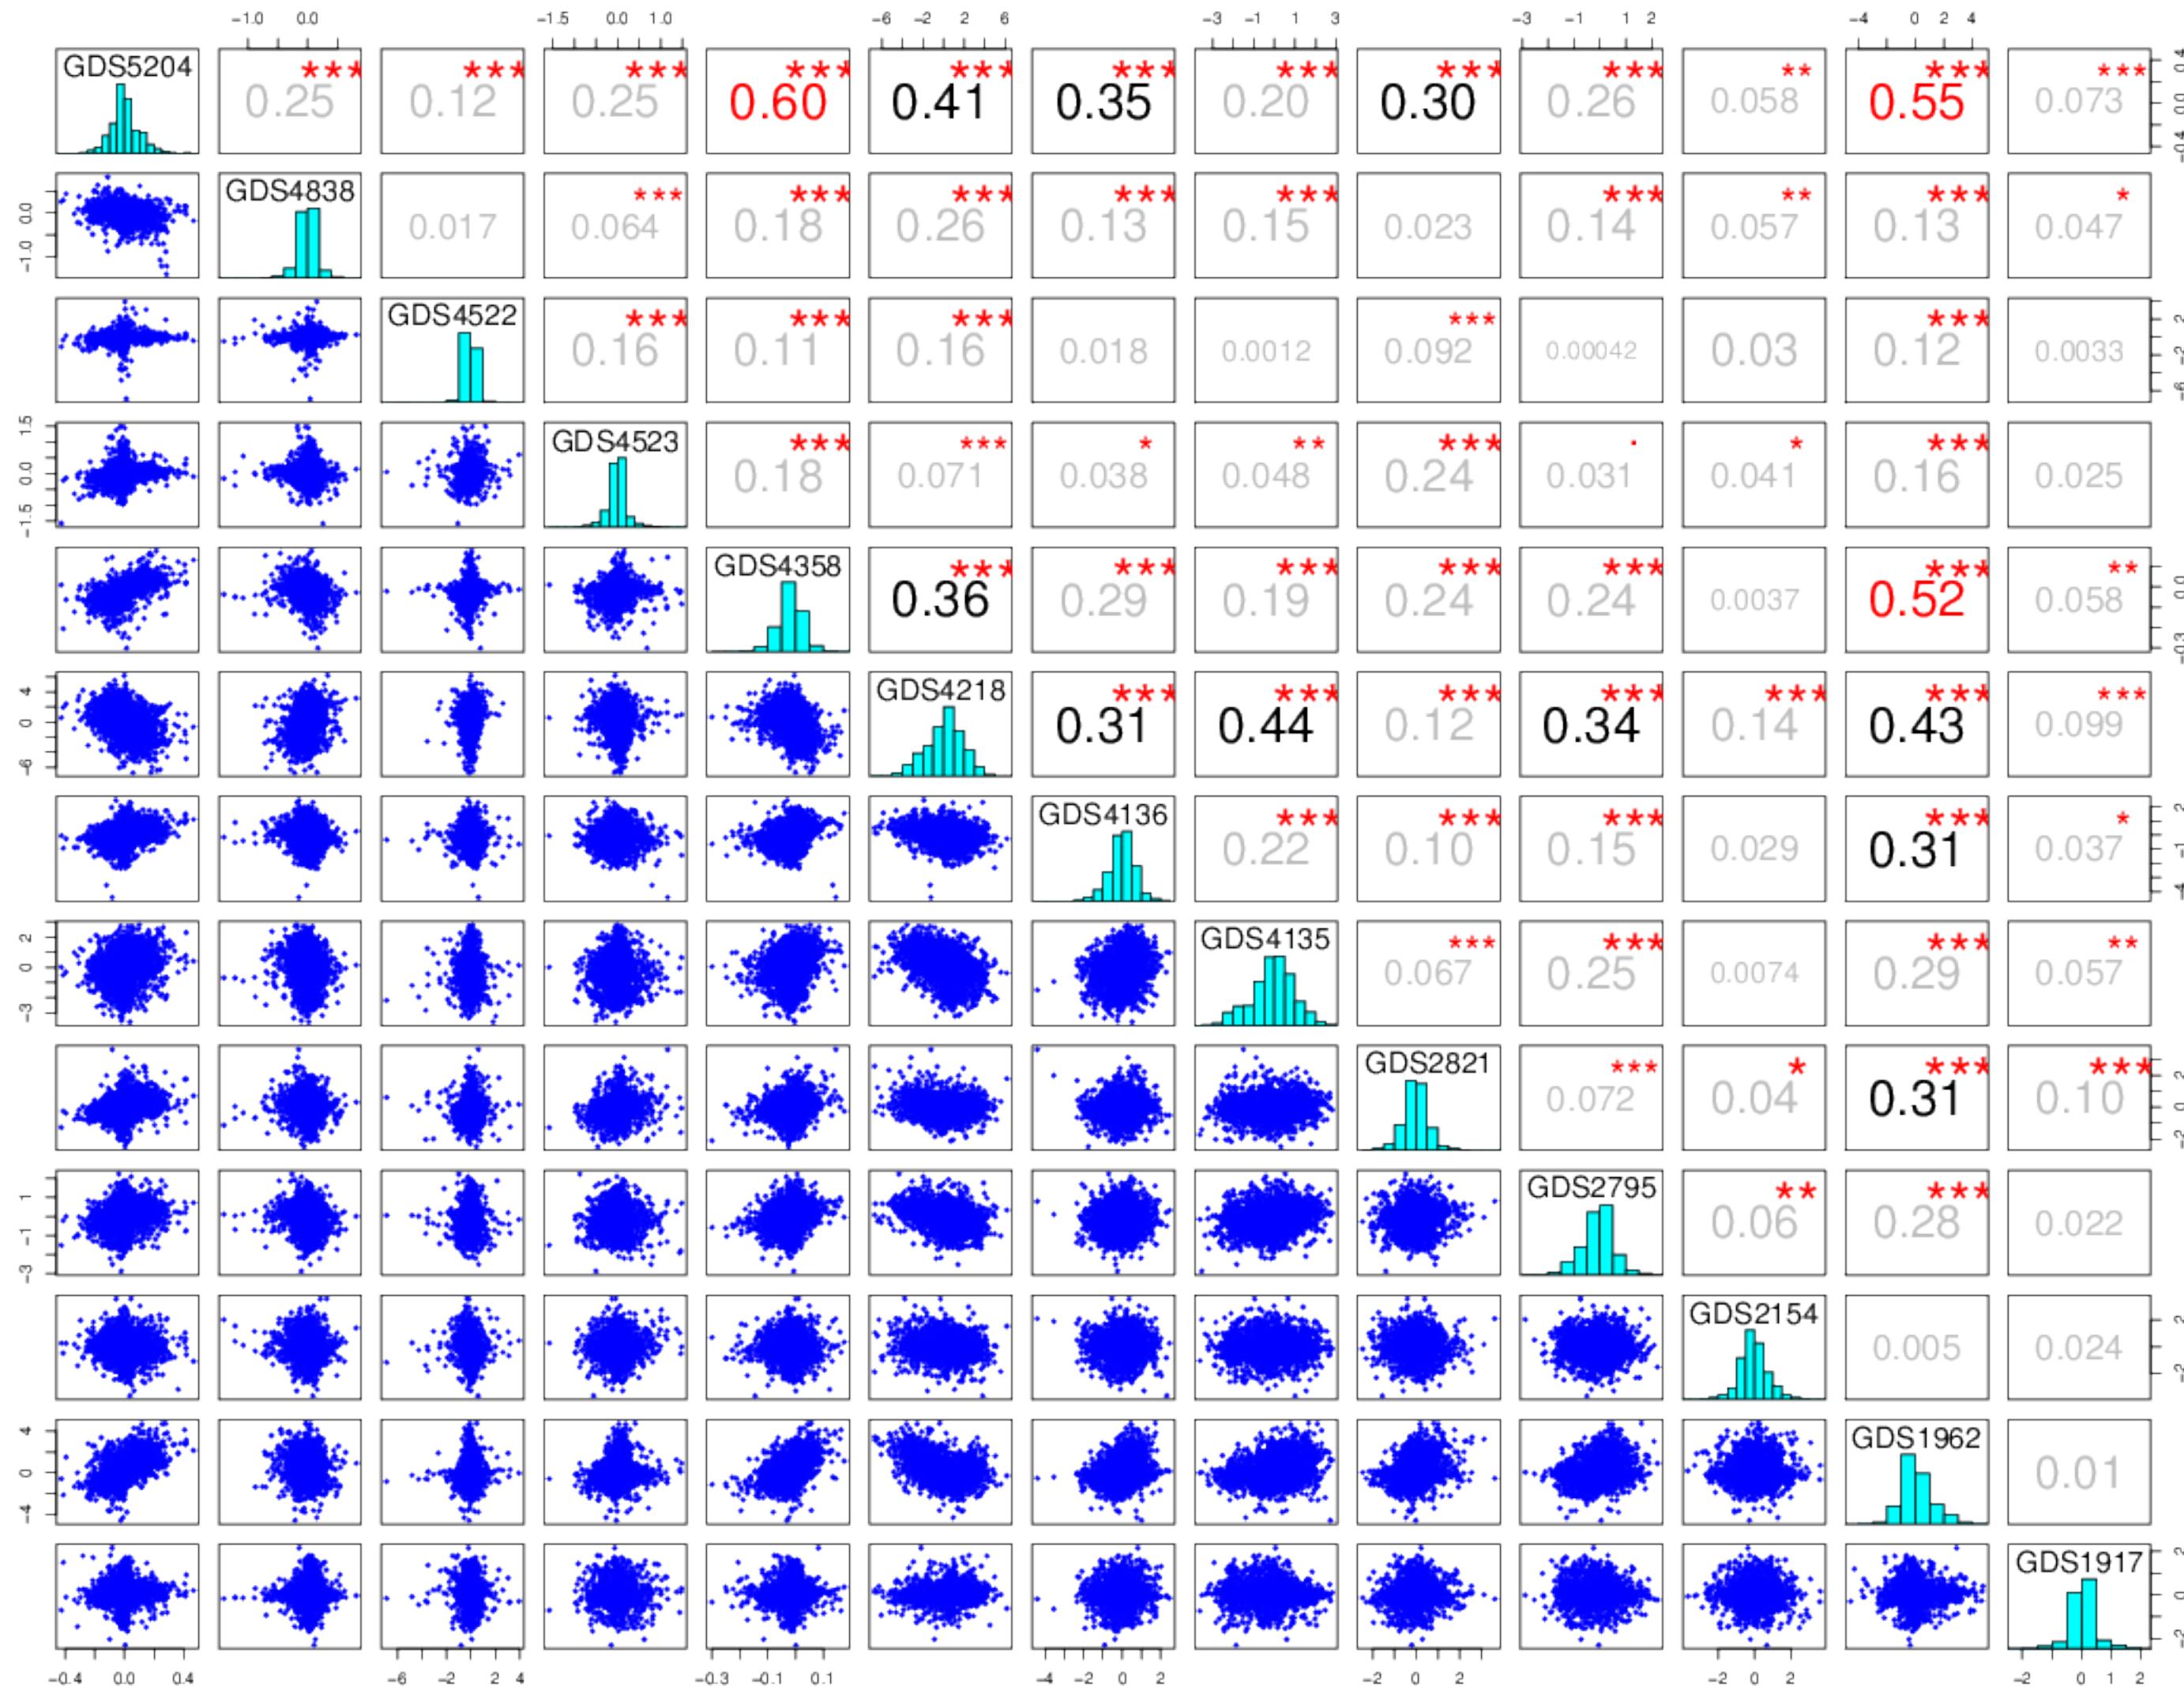

Matrix of Correlation Coefficients
number of DEGs for each dataset =600

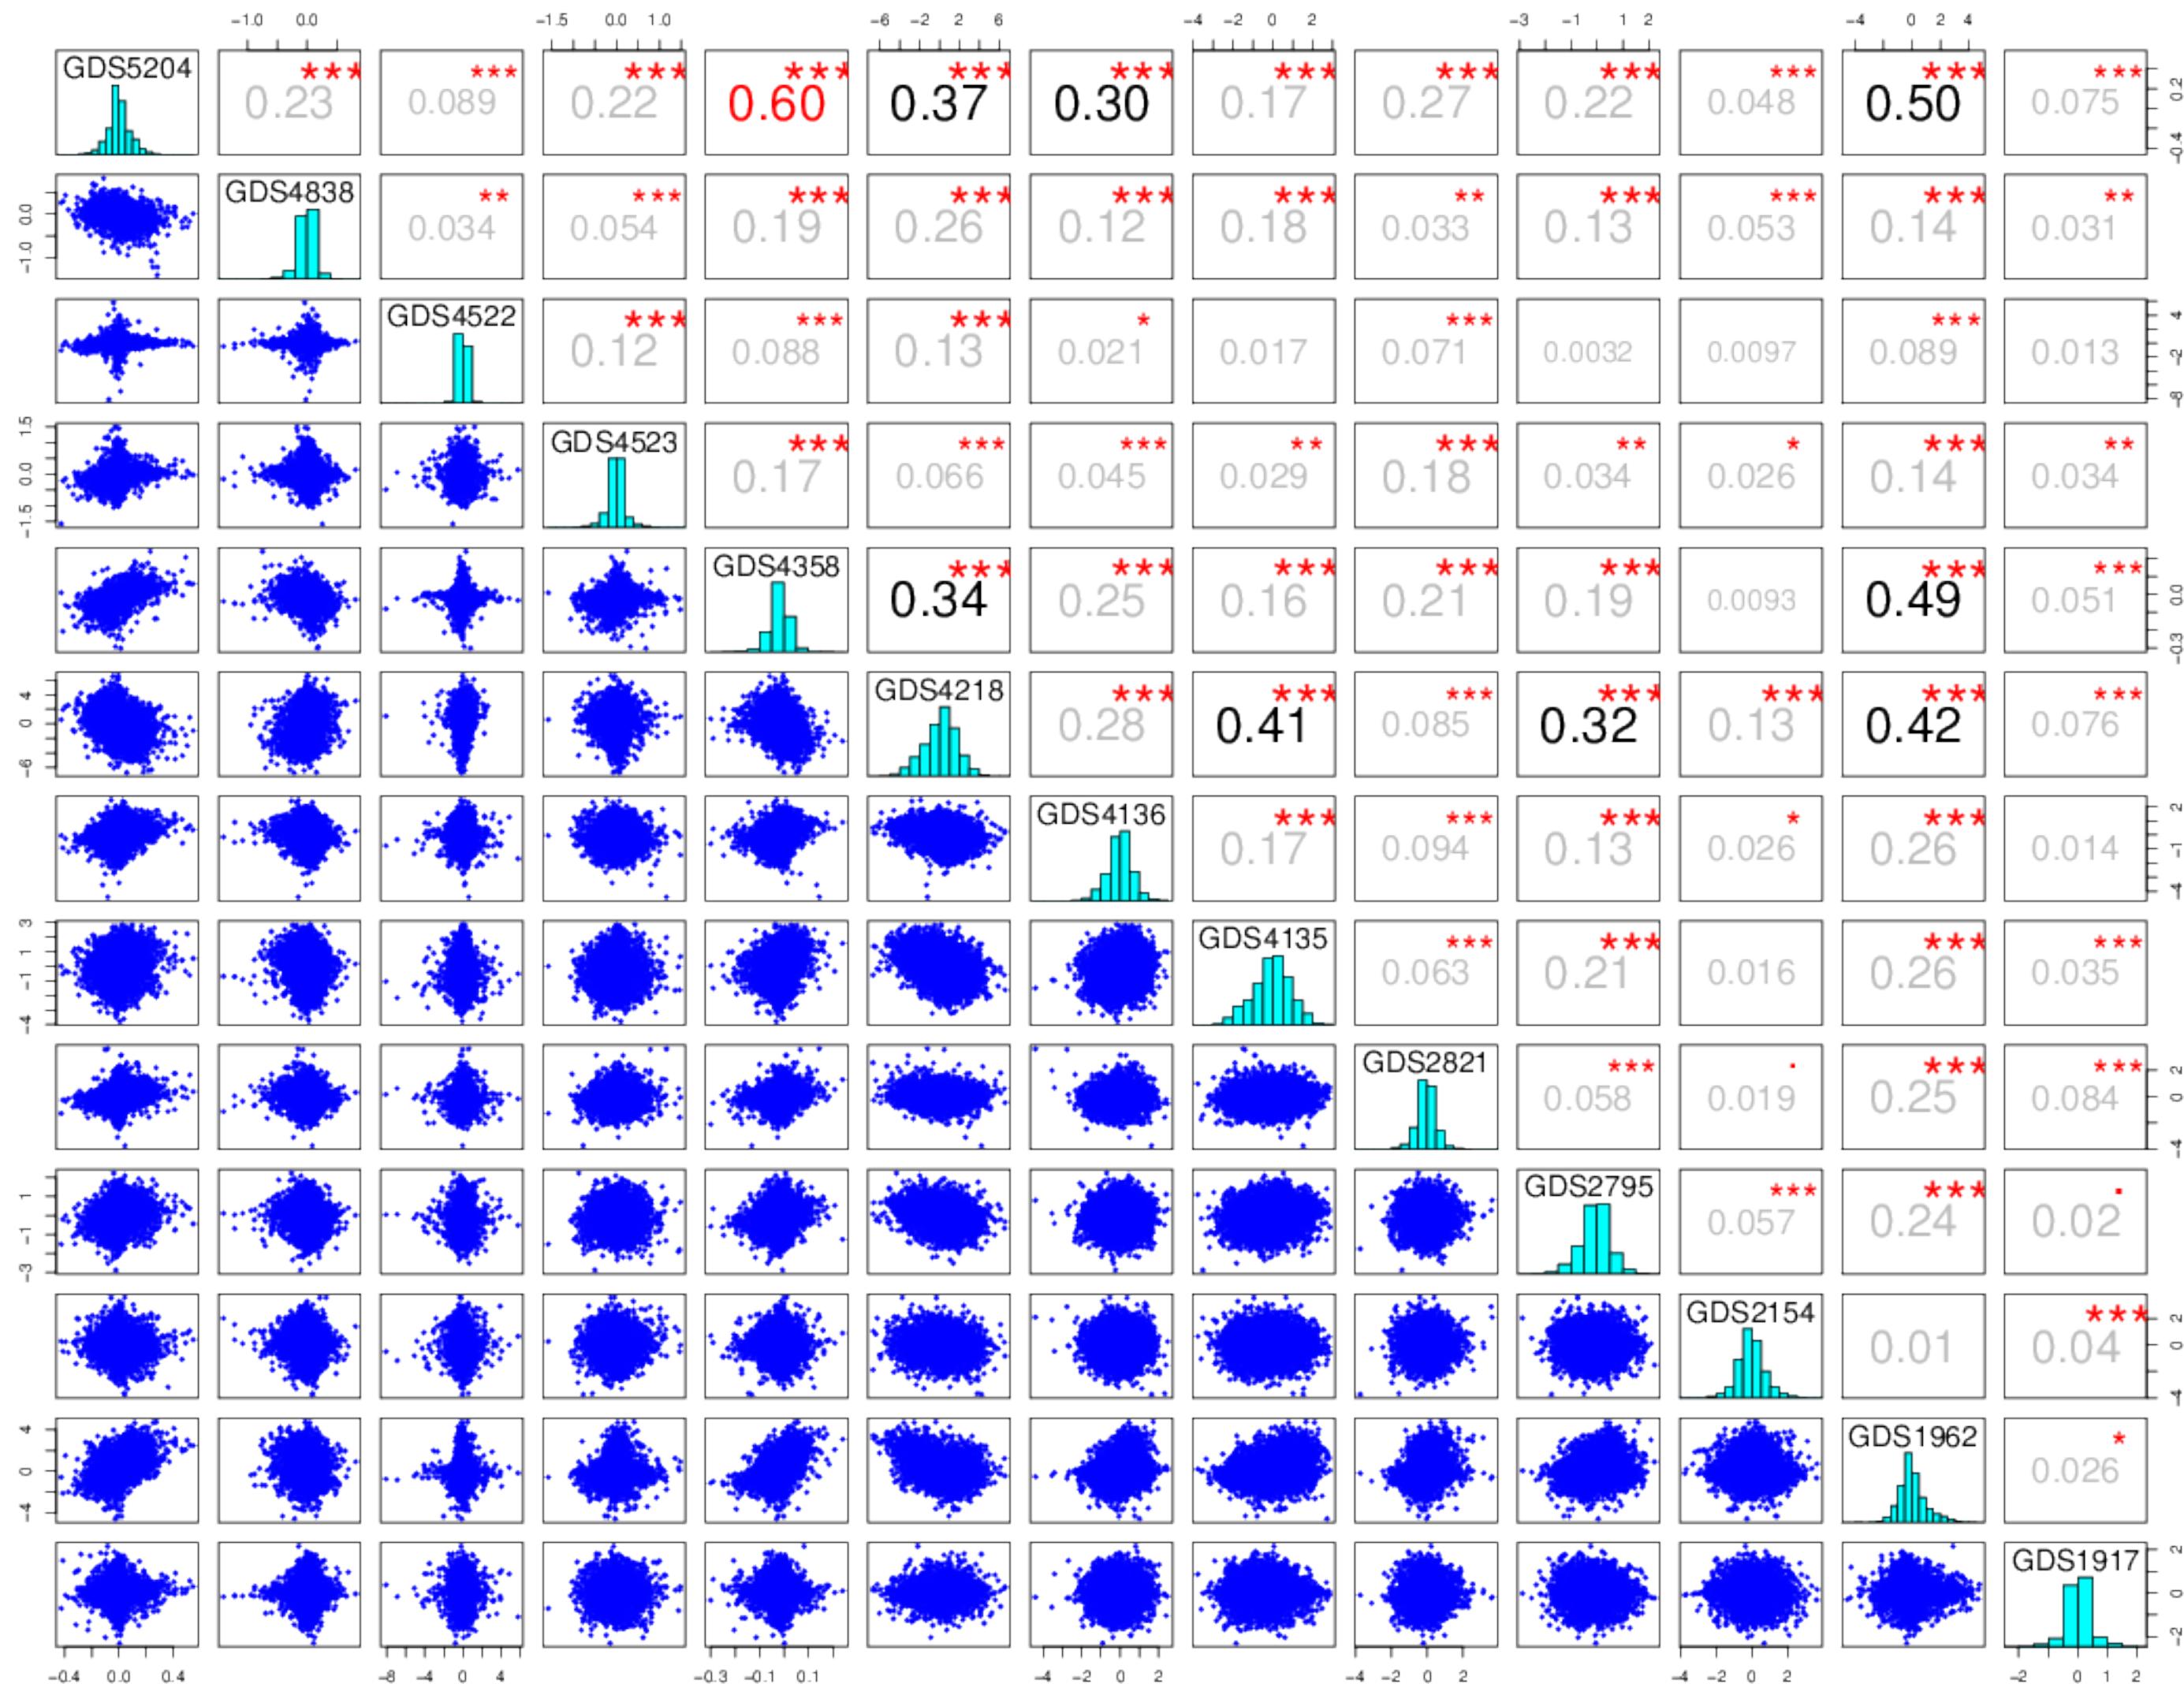

Matrix of Correlation Coefficients number of DEGs for each dataset =1000

Matrix of Correlation Coefficients number of DEGs for each dataset =1500

Matrix of Correlation Coefficients
number of DEGs for each dataset =3000

Matrix of Correlation Coefficients
number of DEGs for each dataset =6000
